

# Looking for Upper Yarra Volunteer Drivers

## *#localshelpinglocals*

Would you like to volunteer locally to drive people in the Upper Yarra and help them get out and about, to and from their appointments or to get their shopping? Or perhaps you are driving somewhere locally and you'd be happy to pick someone up on the way?

The Upper Yarra is difficult for many people to access transport with limited public transport options, so EV Community Transport is trying something different with local volunteers supporting local people. We are looking for volunteer drivers to be part of a flexible transport trial from August to November 2023.

Do you want to help, have time available, a vehicle and a smart phone? Training is provided locally or online. A reimbursement for your vehicle and phone use is available.

EV Community Transport has been supporting communities in the Eastern Region of Melbourne for over 45 years and you will be well supported as a volunteer.

*\*Upper Yarra includes these townships: Launching Place, Gilderoy, Gladysdale, Don Valley, Powelltown, Yarra Junction, Wesburn, Millgrove, Reefton, McMahons Creek, Three Bridges, Warburton and East Warburton.*

**If you are interested in volunteering
